Gosh...I used to know CPR...

He looks like a lawyer...

Someone else will help...right?

Huh?

I think he is breathing...

Can I catch a disease just by looking?
What is the problem?

Why create another tools for CPR training?
Why?

Chapter 1  Introduction
Chapter 2  Your Role as a Peer Instructor
Chapter 3  Train the Trainer
Chapter 4  Course Outlines
Chapter 5  Survivor Stories (optional)
Chapter 6  Variations (optional)
Chapter 7  Frequently Asked Questions
Chapter 8  Resources
Why is collecting #’s important?

Collecting data is nothing new; collecting training numbers is nothing new. However… Bystander CPR often has no place to be tracked. Peer training has typically gone un-noticed except by agency.
Achieving Goals

We need your support!

7,000
Our Goal

4,701
Trained so far

Easy tool for tracking numbers…
Sorted by agency, trainer, county and others.
How To

Minnesota Resuscitation Consortium

Bystander CPR Registry
