Overview:
The Interstitial Lung Disease Program at the University of Minnesota is offering a Pulmonary Fibrosis education day to patients, caregivers and family members.

This free one day seminar is planned and presented by our renowned pulmonary faculty at the University of Minnesota. A leading expert in pulmonary fibrosis, Dr. Imre Noth, from the University of Virginia School of Medicine will be our keynote speaker.

Objectives:
- Learn about latest advances in pulmonary fibrosis.
- New treatment developments and research discoveries.
- Connect with other patients and families who are living with pulmonary fibrosis.
- Learn about products and resources available to patients.
- Caregivers and family members are welcome to attend to gain better understanding of the disease.

Presenters:
Maneesh Bhargava, MD, University of MN
Peter Bitterman, MD, University of MN
Ed Corazalla, MS, CPFT, University of MN
Robbie Crannick, RRT, Mercy Hospital, MN
Mandii DeGrote, CCRC, University of MN
